EDUCATION

GB PANT GOVT ENGINEERING COLLEGE

New Delhi

B TECH WITH MECHANICAL AND AUTOMATION ENGINEERING

• July 2016-Sep 2020 • 8.03 CGPA

EXPERIENCE

PROGRAMMER ANALYST | COGNIZANT TECHNOLOGY SERVICES

Feb 2023 - Present | Noida, India

- Leveraged the power of **Node.js** and **Express.js** to architect a robust backend infrastructure, facilitating seamless communication between the frontend and **MongoDB** database.
- Developed user-friendly and visually appealing web components using **ReactJS** and **Tailwind CSS**, ensuring an engaging user experience across various devices.
- Actively participated in the resolution of tickets on **Jira**, demonstrating the ability to troubleshoot and resolve issues efficiently, both on the frontend and backend.
- Implemented authentication and authorization mechanisms using **JWT** (JSON Web Tokens), enhancing system security and ensuring protected access to critical inventory management functionalities and user data.

PROGRAMMER ANALYST TRAINEE | COGNIZANT TECHNOLOGY SERVICES

Feb 2022 - Feb 2023 | Noida, India

- Completed comprehensive full-stack development training, proficient in **Java**, **React**, **MongoDB**, **Node.js**, and **Express**.
- Worked on real-world client projects, applying acquired skills to ensure the creation of dynamic and engaging user interfaces.
- Leveraged additional tools and frameworks to enhance development processes and deliver high-quality solutions effectively.
